

Email Templates for Facilitators

Ready-to-use email templates for all stages of the Digital Sovereignty Maturity Assessment process. Copy and customize for your specific engagement.

Usage Instructions:

- Replace all **[placeholders]** with actual information
- Customize content to match your customer's specific context
- Adjust tone and formality based on your existing relationship
- Add or remove sections as needed for your situation

Template 1: Initial Workshop Invitation

To: **[Customer Stakeholders]**

Cc: **[Red Hat Account Team]**

Subject: Invitation: Digital Sovereignty Maturity Assessment Workshop

Dear **[Name/Team]**,

I hope this message finds you well. Following our recent discussions about **[customer's sovereignty concerns/strategic initiatives]**, I'm pleased to invite you to participate in a comprehensive **Digital Sovereignty Maturity Assessment Workshop**.

Why This Matters:

As organizations increasingly face regulatory requirements around data residency, jurisdictional control, and operational independence, understanding your current sovereignty maturity is essential for strategic planning. This assessment will provide:

- A baseline evaluation of your sovereignty capabilities across 7 key domains
- Identification of strengths and critical gaps
- A prioritized roadmap for sovereignty enhancement
- Evidence-based justification for sovereignty investments

Workshop Details:

- **Duration:** [Full day / 2 hours]
- **Proposed Dates:** [Date options]
- **Location:** [On-site / Virtual]
- **Format:** Interactive assessment with collaborative analysis

Required Participants:

To ensure accurate assessment, we need representation from:

- Chief Information Officer (CIO) or equivalent
- Chief Information Security Officer (CISO)
- Chief Architect / Cloud Infrastructure Lead
- Compliance / Legal Officer (recommended)
- Operations Manager (recommended)

Next Steps:

1. Please confirm availability for proposed dates
2. Identify and confirm participant attendance
3. I'll send detailed preparation materials once date is confirmed

This assessment has proven valuable for organizations navigating [GDPR / NIS2 / DORA / industry-specific regulations] and developing robust sovereignty strategies. I'm confident it will provide actionable insights for [Customer Organization] .

Please let me know your preferred date, or feel free to suggest alternatives that work better for your team.

Looking forward to working with you on this important initiative.

Best regards,

[Your Name]

Template 2: Pre-Assessment Preparation Email

To: [Workshop Participants]

Cc: [Red Hat Team, Customer Coordinators]

Subject: Preparation for Digital Sovereignty Assessment - [Date]

Dear Workshop Participants,

Thank you for confirming your participation in the upcoming Digital Sovereignty Maturity Assessment. I'm looking forward to our session on [Date].

Session Logistics:

- **Date:** [Day, Date]
- **Time:** [Start Time - End Time] [Timezone]
- **Location:** [Address / Virtual Meeting Link]
- **Duration:** [X hours] including breaks

What to Expect:

We'll conduct a comprehensive evaluation of your organization's capabilities across 7 Digital Sovereignty domains:

1. Data Sovereignty - Control over data location, protection, and access
2. Technical Sovereignty - Independence from vendor lock-in
3. Operational Sovereignty - Autonomous operations without external dependencies
4. Assurance Sovereignty - Ability to verify security and compliance
5. Open Source - Strategic use of open source for independence
6. Executive Oversight - Governance and accountability
7. Managed Services - Sovereign control of external services

Pre-Session Preparation:

To maximize the value of our time together, please gather the following information (if available):

- Current cloud infrastructure provider(s) and services being used
- List of critical business applications and their hosting locations
- Existing compliance frameworks and certifications (ISO 27001, SOC 2, FedRAMP, etc.)
- Data classification policies and data residency requirements
- Key vendor relationships and managed service provider agreements
- Recent security audits, risk assessments, or compliance reviews
- Disaster recovery and business continuity documentation
- Open source usage policies and practices (if applicable)
- Any known sovereignty concerns or regulatory requirements

Note: Don't worry if you don't have all of these items. We'll work with what's available and identify gaps during the assessment.

Assessment Approach:

This is a collaborative, evidence-based assessment. We'll:

- Review each domain's capabilities
- Discuss your current state with specific examples

- Rate maturity on a 5-level scale (Initial → Managed → Defined → Quantitatively Managed → Optimizing)
- Identify both strengths and improvement opportunities

Attached Materials:

- Workshop Agenda (detailed schedule)
- Maturity Model Overview (framework explanation)
- *[Add any other relevant materials]*

If you have any questions before the session, please don't hesitate to reach out. See you on **[Date]** !

Best regards,

Template 3: Post-Assessment Summary & Next Steps

To: **[Workshop Participants]**

Cc: **[Stakeholders, Red Hat Team]**

Subject: Digital Sovereignty Assessment Results - **[Customer Organization]**

Dear Team,

Thank you for your active participation in yesterday's Digital Sovereignty Maturity Assessment workshop. Your engagement and candid input were excellent and provided valuable insights into **[Customer Organization]**'s sovereignty posture.

Key Findings Summary:

- **Overall Maturity:** [X%] ([Maturity Level])
- **Strongest Domain:** [Domain Name] at [Y%]
- **Priority Gap Area:** [Domain Name] at [Z%]
- **Quick Win Opportunities:** [2-3 specific items]

Attached Materials:

- **Assessment Results (JSON export):** Complete results file for future import/comparison
- **Spider Chart Visualization:** Graphical view of domain maturity
- **Executive Summary:** One-page overview for leadership
- **Detailed Findings:** Domain-by-domain analysis with recommendations

Key Observations:

- [Insight 1 - e.g., "Strong executive awareness but implementation gaps in key management"]
- [Insight 2 - e.g., "Excellent operational documentation foundation to build upon"]
- [Insight 3 - e.g., "Vendor contracts need sovereignty clause updates"]

Recommended Immediate Actions (0-3 months):

1. [Action 1 with brief rationale]
2. [Action 2 with brief rationale]
3. [Action 3 with brief rationale]

Next Steps:

1. **Review & Validation (This Week):** Please review the attached materials and provide any corrections or additional context
2. **Roadmap Planning Workshop (Week of [Date]):** 2-hour session to develop detailed improvement roadmap
 - Proposed dates: [Options]
 - Format: [Virtual / On-site]
 - Participants: [Same team + additions if needed]

3. Executive Briefing (Optional): 30-minute summary for C-suite/Board if desired

Value-Based Action Plan:

In our follow-up session, we'll work together to:

- Prioritize improvements based on impact, effort, and regulatory requirements
- Develop a phased roadmap (short/medium/long-term initiatives)
- Identify resource requirements and potential challenges
- Discuss how Red Hat can support your sovereignty journey

The assessment revealed both strong foundations and clear opportunities for enhancement. I'm confident that with focused effort on the priority areas we identified, **[Customer Organization]** can significantly advance its sovereignty maturity.

Please let me know your preferred date for the roadmap planning session, and feel free to reach out with any questions about the results.

Thank you again for your time and engagement.

Best regards,

Template 4: Roadmap Planning Session Invitation

To: **[Workshop Participants]**

Cc: **[Additional Stakeholders]**

Subject: Invitation: Sovereignty Roadmap Planning Session - **[Date]**

Dear Team,

Following our Digital Sovereignty Maturity Assessment completed on **[Date]**, I'd like to invite you to our follow-up **Value-Based Action Planning session** to develop a detailed improvement roadmap.

Session Details:

- **Date:** **[Day, Date]**
- **Time:** **[Start - End Time]** **[Timezone]**
- **Duration:** 90-120 minutes
- **Format:** **[Virtual Meeting Link / Location]**

Session Objectives:

- Review and validate assessment findings
- Present refined maturity heatmap with current vs. target state
- Prioritize improvement initiatives using effort/impact analysis
- Develop phased roadmap:
 - Short-term (0-3 months): Quick wins and foundational improvements
 - Medium-term (3-12 months): Tactical capability enhancements
 - Long-term (12-36 months): Strategic transformation initiatives
- Identify dependencies, resource requirements, and potential challenges
- Discuss Red Hat's role in supporting your sovereignty journey

Preparation:

Please review the assessment results materials sent on **[Date]** and come prepared to discuss:

- Your reaction to the findings - any surprises or disagreements?
- Budget considerations and constraints for sovereignty initiatives
- Upcoming regulatory deadlines or business drivers
- Current project commitments that might affect timing
- Key stakeholders who need to be involved in specific improvements

Expected Outcomes:

- Prioritized list of sovereignty improvement initiatives
- Phased implementation roadmap with timelines
- Resource and budget estimates
- Identified quick wins for immediate action
- Clear next steps and ownership assignments

This session will translate the assessment insights into an actionable plan tailored to **[Customer Organization]**'s specific requirements, constraints, and strategic priorities.

Please confirm your attendance, and let me know if there are additional stakeholders who should participate.

Looking forward to our session.

Best regards,

[Your Name]

Template 5: Quarterly Progress Check-in

To: **[Primary Stakeholders]**

Cc: **[Project Team]**

Subject: Quarterly Sovereignty Maturity Check-in - **[Quarter/Year]**

Dear **[Name/Team]**,

Following our Digital Sovereignty Assessment conducted in [Month] and the subsequent roadmap we developed, I wanted to check in on your progress and offer support.

Quick Wins Status Review:

Our assessment identified several immediate actions. I'd appreciate an update on:

- [Quick Win 1] - Status?
- [Quick Win 2] - Status?
- [Quick Win 3] - Status?

Questions for This Check-in:

1. What sovereignty improvements have been completed since the assessment?
2. Which initiatives are currently in progress?
3. Have you encountered any unexpected challenges or blockers?
4. Have new requirements or priorities emerged since our assessment?
5. Would you benefit from a reassessment to measure progress?

Suggested Next Steps:

- **Progress Review Call (30 min):** Quick sync to discuss status and address any questions
 - Proposed dates: [Options]
- **Reassessment (Optional):** Update select domain scores to measure improvement
- **Focused Deep-Dive (Optional):** If specific domains need additional attention

Red Hat Updates:

Since our assessment, there have been relevant developments that may interest you:

- [New Red Hat capability/product relevant to their gaps]
- [Regulatory update or industry trend]
- [Customer success story or case study]

I remain committed to supporting your sovereignty journey and would welcome the opportunity to discuss your progress. Please let me know if you'd like to schedule a brief check-in call.

Best regards,

[Your Name]
